EXPERIENCE

Fortnite Quality Assurance Tester | Epic Games

October 2021- January 2023

- At Epic Games I worked as a Quality Assurance or QA Tester on the game Fortnite. As a QA Tester, I worked alongside a team of other testers in an agile work environment to iron out aspects of Fortnite. I discovered, wrote and managed various bugs in software such as Jira, Testrail and Microsoft Excel while communicating and reporting my findings to the team.

Animator | Brewster Branding

Summer 2021 - September 2021

- After interning at Brewster Branding, I was offered a position to do contract work for the company doing website edits, animating various logos, and graphics for companies such as Boston Mainstreet Foundation, Norwood High School and the Crystals and Caffeine company.

Freelance Animator | Freedom's Way

May 2020 - June 2020

- During the summer of 2020, I created some animations for the company Freedom's Way during their promotional campaign for women's right to vote.

Commissioned Assistant | Marcelino Jewelry

2012- 2021

- As an employee of Marcelino Jewelry, I assisted clients with various questions and purchases, filled paperwork, cleaned, weighed, and calculated prices of various types of gold and silver jewelry. Recently I designed the sign to be used at the store's new location. Additionally, I also worked with and did troubleshooting for the company laser to ensure it was properly engraving and carving out Jewelry requests.
